

IJS CONNECT

Digitalize Your Handshake. Simplify Your Network.

IJS CONNECT

**Welcome to IJS Connect,
a revolutionary feature designed to modernize the way
exhibitor companies engage with potential customers
during exhibitions. Say goodbye to the hassle of
exchanging business cards and manually inputting
contact details.
With IJS Connect, capturing customer data has never
been easier or more efficient!**

PURPOSE

IJS Connect allows Exhibitors to instantly scan a customer's badge, capturing their personal contact data without the need for a business card swap.

WHO SHOULD USE IT?

Exhibitor companies who want a seamless, digital, and hassle-free method to collect and manage their potential leads.

FEATURES & BENEFITS

Save Time & Increase Efficiency!

No more manual business card collection and tedious data entry.
Export leads directly into an Excel sheet or send them straight to your email.

Add Notes & Voice Memos!

Enhance your leads by adding textual notes or voice memos for each scanned badge.

Photo Capture!

Take a photo of your customer and attach it to their lead information,
making future follow-ups more personalized.

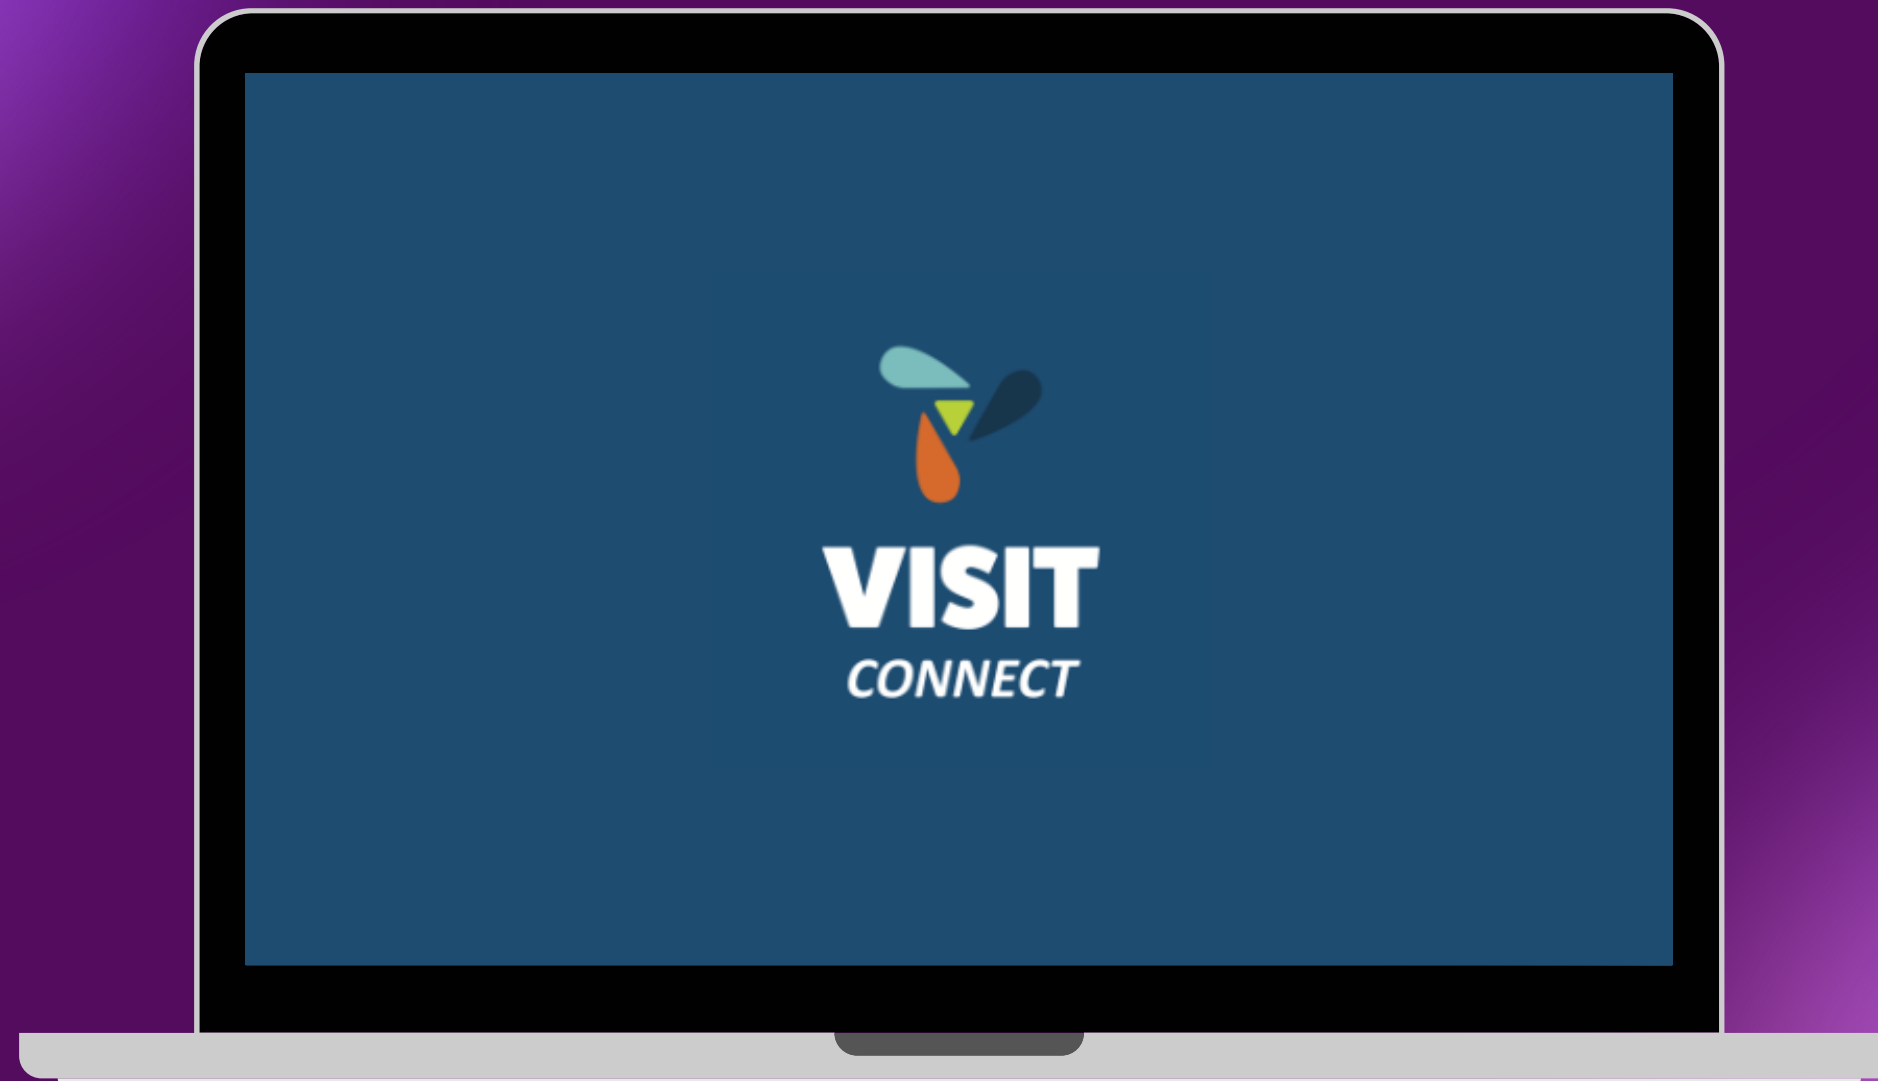

PLATFORMS

IJS Connect is available as a mobile app, suitable for both iOS (Apple App Store) and Android (Google Play Store) devices.

You can also reach out to your visit connect portal through Online Exhibitor Manual.

You can click below buttons to download the app to your mobile phone.

LICENCE ACTIVATION

Open the IJS Connect app
&
Login by
QR code or E-mail

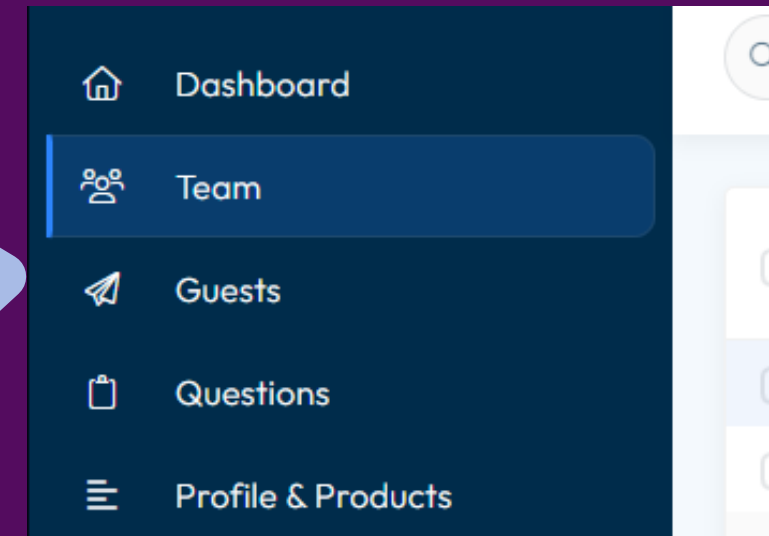

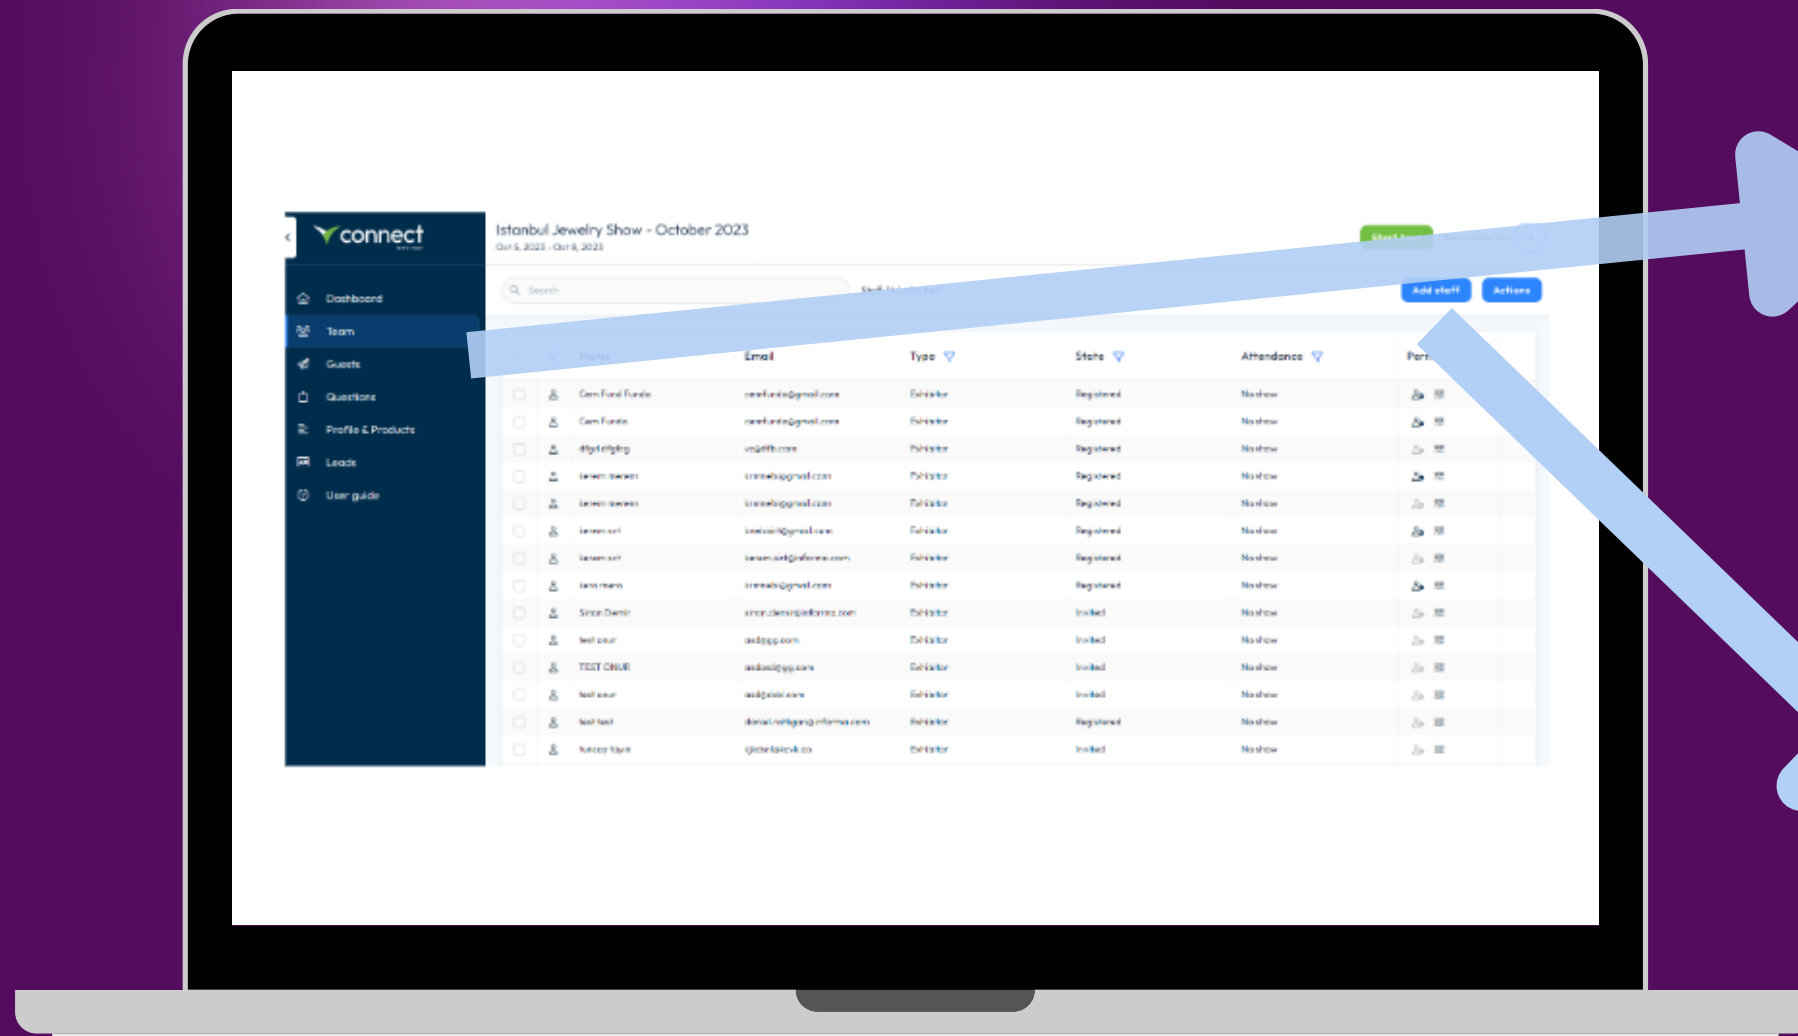

Please note that in order to login
by e-mail, your IJS Connect
Company Administrator needs to
add you as a staff first

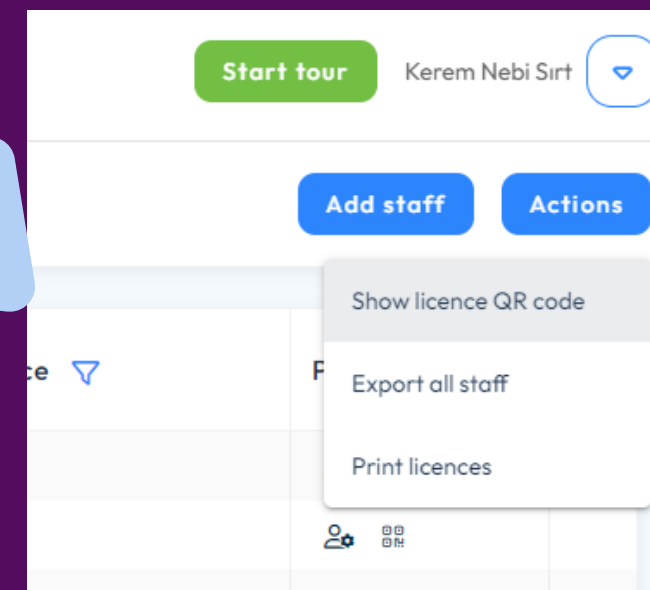

You will receive an e-mail
including your activation code.
You can simply activate your
licence with that code.

LICENCE ACTIVATION

In your IJS Connect Portal, Click Team

Click Add Staff--> Show Licence QR code

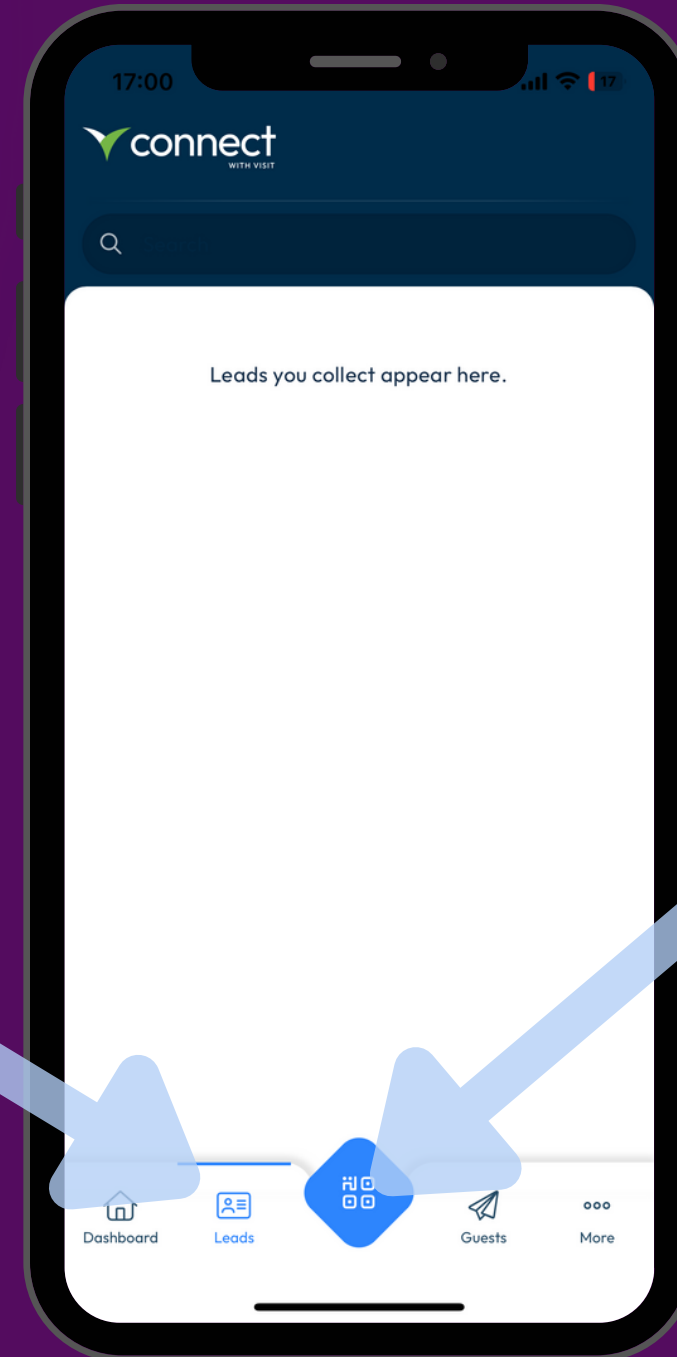

LICENCE ACTIVATION

Scan the license QR code available in the IJS Connect portal to activate the app.

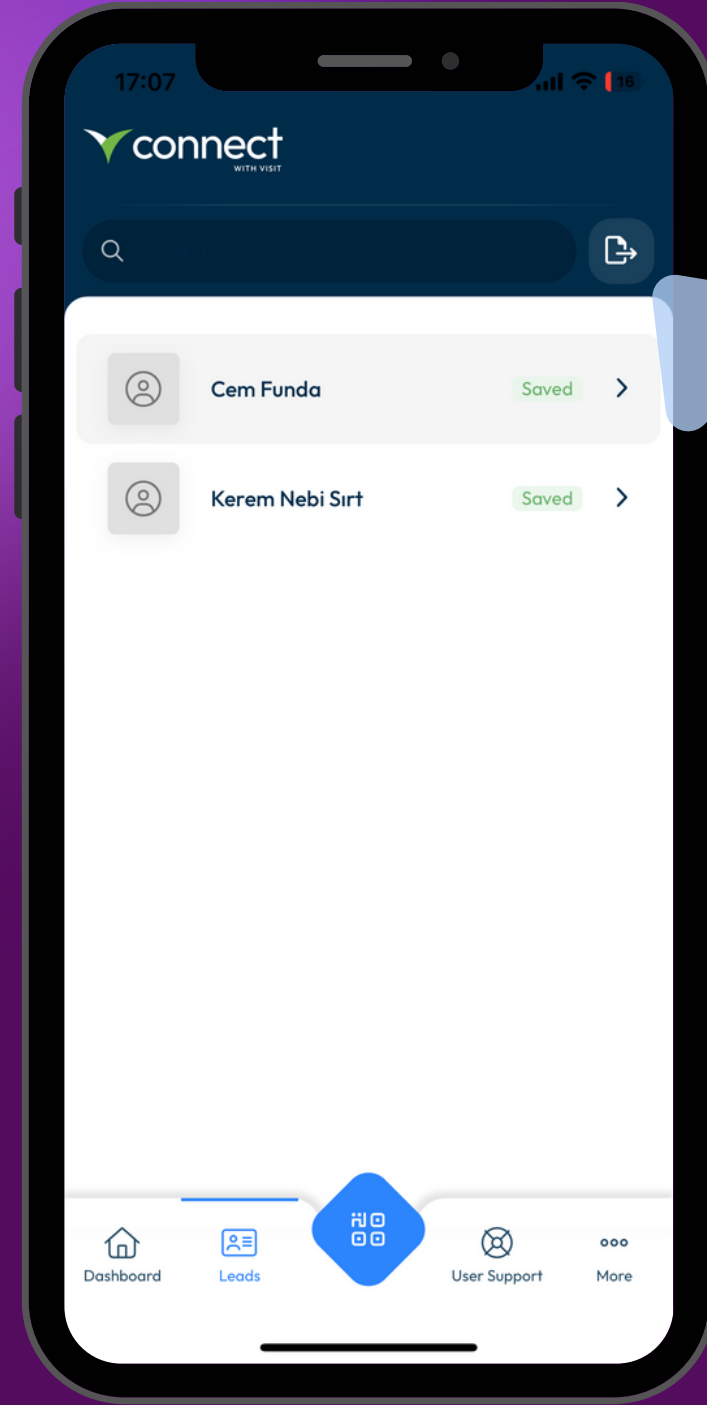

LICENCE ACTIVATION

Leads button shows the leads you collect

With the QR code button in the middle, you can start collecting your customer leads.

LICENCE ACTIVATION

Export button allows you to export your leads as an excel file to your e-mail.

FUTURE OF NETWORKING

IJS Connect is a game-changer for exhibitors. It not only simplifies the process of capturing potential leads but also adds depth to each lead, making your post-exhibition follow-ups more targeted and effective.

Remember, the future of networking is digital, and with IJS Connect, you're not just keeping up – you're leading the way!
